

## BRYAN SAYS DEMOCRATS STOOD BY ROOSEVELT

In His Lincoln Speech the Nebraskan Shows Where the Democrats in Both Houses Have Stood by the President. Favors Schallenberger for Governor—Will Campaign Nebraska.

OMAHA, Neb., Sept. 10.—William J. Bryan gave out a statement today announcing that as soon as he returned from his Southern trip he would enter a campaign in Nebraska and several other states. Mr. Bryan said he felt deeply interested in the results in Nebraska and praised the ability of those on the fusion ticket. Touching on the candidacy of Ashton C. Schallenberger, fusion candidate for governor, Mr. Bryan said:

"It is not only in favor of rigid enforcement of railroad regulation and 2 cent passenger fare, but he advocated government ownership of railroads before I did."

Mr. Bryan continued: "The election in Nebraska is not only important because of its bearing on state matters, but also of its influence upon the next National campaign. The vote this year will be taken as an indication of the trend of public sentiment. We are entering upon a great fight for the extermination of trusts and for the protection of the public from the exploitation at the hands of the railroads. The Republican party has shown its inability to deal effectively with these and kindred subjects. Wherever the President has attempted to do anything, he has been compelled to follow the Democratic rather than the Republican platform, and the Republicans in Congress have never supported him. A Republican Senate emasculated the rate bill and a Republican Congress opposed his meat inspection bill."

"The best way to stand by the President is to elect Democrats to Congress and the Senate, for Democrats have stood by him better than the Republicans on the most important questions."

## COBB REELECTED

Maine Goes Republican by the Smallest Margin for Many Years.

PORTLAND, Sept. 10.—Governor William T. Cobb, of Rockland, a Republican standing on a platform devoted almost exclusively to the continuance of a prohibition law of state, was re-elected today by a plurality of less than 8000 with but few exceptions the smallest margin of votes ever given a Republican governor of Maine.

Cyrus W. Davis, of Waterville, the Democratic candidate for governor, polled one of the largest votes in the history of the party in this state. His issue in the campaign was re-submission of the liquor question, which was incorporated in the state constitution four years ago.

More interesting from a certain standpoint was the re-election of Congressman Charles L. Littlefield, Republican candidate from the second district, by a greatly reduced plurality. Congressman Littlefield's candidacy was the subject of a little opposition on the part of Samuel Gompers, president of the American Federation of Labor, who asked for his defeat on the ground that he had voted against certain labor measures at the last session of Congress. The issue between Gompers and Littlefield was taken up by the Republican Congressional committee and for three weeks the district had been the scene of a hard fight in which Secretary of War Taft, Senator Lodge and Senator Beveridge and several Congressmen were pitted against the head of the Federation of Labor.

Littlefield's plurality was estimated tonight at about 1000.

Congressman Edwin C. Buleigh in the third district, and Llewellyn Powers in the fourth, are re-elected by over 2000 plurality.

The re-election of Congressman Ames L. Allen in the fifth district is claimed by Republican leaders.

The legislature will be Republican by a safe margin.

## TREADWELL KILLED BY REBEL SCOUTS

MANILA, Sept. 10.—Lieut. R. E. Treadwell, of the Philippine scouts, was killed last night by Pulajanes six miles south of Baraan. He was in command of a small detachment of scouts whose bivouac was attacked during the night by a band of about 100 Pulajanes. Lieut. Treadwell was the only man hit. Troops are in pursuit of the band. Sixty troopers and forty members of the constabulary came up with the band of Pulajanes near Sitio Marabon, and killed one and wounded several of them, but the rest of the band escaped. The troops sustained no casualties, and destroyed a large quantity of supplies gathered by the Pulajanes.

## KILLED IN A DUEL.

CUMBERLAND, Md., Sept. 10.—As a result of a duel at Spruce, Va., between John Davis and Fred Cash last evening, Davis died today.

ated government ownership of railroads before I did."

Mr. Bryan continued: "The election in Nebraska is not only important because of its bearing on state matters, but also of its influence upon the next National campaign. The vote this year will be taken as an indication of the trend of public sentiment. We are entering upon a great fight for the extermination of trusts and for the protection of the public from the exploitation at the hands of the railroads. ## CUTS OUT WIFE FROM HIS WILL

Herman Oelrichs, Millionaire, Who Died at Sea, Leaves Wife and Son Nothing—Has Fortune of Her Own.

NEW YORK, Sept. 10.—Herman Oelrichs, who died at sea on September 1, left the bulk of his estate to his brother, Charles May Oelrichs, and to his sister, Mrs. Lucy Jay.

His wife, from whom he has been estranged for some time, is cut out from any bequest, and the statement made that she "has an ample fortune of her own."

To the son, Herman Oelrichs, Jr., nothing is left but pieces of jewelry, guns and some other personal effects. Other relatives, his secretary and his valet are remembered in his will.

The will was filed for probate today. Mention is made of the wife and son in the opening paragraphs as follows: "As my wife has an ample fortune of her own, I make no bequest or devise to her. As my son, Herman Oelrichs, Jr., is heir and next of kin of my wife, and will doubtless be amply provided for by his mother in her last will and testament, or by the law in event of her dying intestate, I make no bequest or devise to him, other than the specific bequest contained in this will."

To his half-sister, Mary Singleton Livingston, Mr. Oelrichs bequeathed the sum of \$200,000, with the proviso that in case she or her heirs contest the bequest, it shall be null and void. A specific bequest of \$300,000 is made to his brother, Charles May Oelrichs, and \$100,000 is left to Mrs. Jay. Residue of the estate is left to the brother, Charles May Oelrichs, who is also named as sole executor.

The will is dated June 11, 1906. The petition accompanying the document states that the value of the estate is unknown.

## SOLDIERS IN HAVANA TO PROTECT CAPITAL.

HAVANA, Sept. 10.—Three hundred soldiers have been brought from Guanajay into Havana on account of the possibility of an attack on the capital.

The rebel leader, Colonel Edward Guzman, has appointed Dr. Figuerra, a Liberal leader in Cienfuegos, to act as peace commissioner in his behalf.

**Amnesty Offers Revoked.**  
HAVANA, Sept. 10.—President Palma tonight decreed a suspension of all constitutional guarantees and revoked all offers of amnesty. Many Liberal leaders are being arrested in this city.

The president insists that he will use any measures to restore peace and the guilty shall be punished, whoever they are.

## U.S. SOLDIERS ARE CAMPED AT DOUGLAS

Request Made to State Department by Mexican Officials to Prevent Revolutionists From Mobilizing on Line.

## GENERAL TORRES RETURNS TO CANANEA

On Motion of U. S. Attorney Alexander, Trial of Revolutionists at Douglas Is Postponed Until Sept. 17.

DOUGLAS, Sept. 10.—(Special.)—The Mexican revolutionary cases did not go to trial this morning. Such of the defendants in the action as will be tried under the neutrality law were arraigned before Commissioner Albert M. Sames this morning and upon motion of the United States attorney, J. L. B. Alexander, the cases were continued until September 17.

As anticipated by the International American government changed its plans with reference to the prosecution. The charge of violating the neutrality law was changed in the cases of seven of the defendants, all of whom are leaders in the movement and accounted the most troublesome, to that of violating the immigration laws, and an effort will be made by the government to deport them. These seven being the leaders of the revolutionary movement in this section and with the well known summary manner of the Mexican government in dealing with such cases, the action of the government in this instance is quite significant.

The seven men who are now in the custody of the immigration authorities are Gabriel Rubio, Patricio Garcia, Lazaro Puente, Abram Salcido, Jose Bruno Trevino, Carlos Humbert, Julian Villanar. They were not arraigned when the cases were called before Commissioner Sames this morning, but on motion of Attorney Alexander the conspiracy charges against the men were dismissed and they were turned over to the custody of the immigration authorities on the charge of being objectionable aliens. Of the seven, four are local men and three are the men arrested by rangers at Mowry camp and Patagonia. Trevino, Humbert and Villanar being the latter. They have already been removed to Tucson for safe keeping and of the three local men held under the immigration charge, will be taken to Tucson for safe keeping.

The men arraigned this morning are Tomas Espinosa, Miguel Gomez, Refugio Mascanos, Elefonso Martinez, Guadalupe Lopez and Exequio Soto. After arraignment Attorney Alexander offered a motion that the examination of the defendants be continued until September 17. He gave in support of his motion the reason of the important witnesses of the government were at large and that it was desirable that they be secured before the government continue with the hearing of the case.

J. F. Ross, attorney for the defendants, opposed the motion for continuance, arguing that the government must show specific evidence that the absent witnesses are material to their case.

The court overruled the objection and granted the desired continuance. Mr. Alexander then said that in view of the seriousness of the crime charged against the defendants, he suggested that a strong one and he suggested \$1000. Mr. Ross opposed this and said a \$500 bail should be sufficient. Commissioner Sames announced that bond would be \$500. It is scarcely probable that any of the defendants will be able to furnish the amount of bond required and they will in all probability be taken to the county jail at Tombstone where they will be safely held until their examination on the 17th.

**GEN. SMITH HAS ARRIVED.**  
MANILA, Sept. 10.—General James T. Smith, the new Governor General of the Philippines, to succeed Governor Ide, arrived here today on the Transport Logan. He was warmly welcomed and an elaborate reception was given him in the evening.

As near as can be learned the American troops have been ordered here upon the representations of the Mexican government officials to the State Department at Washington, to the effect that Mexican revolutionists were planning an invasion of Mexico from this point. The soldiers marched from Naco today, and it is stated that they are to remain along the border until all danger of a Mexican invasion of Sonora has been passed. There has been no further arrests here of suspected Mexicans, and Captain Rynning of the Rangers states that there is no

## FORTY PERSONS KILLED BY BOMB IN RUSSIA.

WARSAW, Russian Poland, Sept. 10.—A bomb was thrown in the market square of Rudzinska, a province of Warsaw, this afternoon, killing one policeman and wounding another. Later another bomb was thrown at the entrance of the Zladow spinning works in this city, severely wounding the policeman and janitor. Troops thereupon fired in all directions and killed or wounded forty persons.

**ODESSA, Sept. 10.**—A court martial today sentenced to hang the Jewish girl named Shakerman, who threw a bomb at Policeman Poltavchenko with our injuring him. ## MORE RIOTS THROUGHOUT RUSSIA

Hundreds Shot Down — Soldiers Show No Mercy — Jews Flee for Their Lives — Peasants Have No Protection.

## UPRISING RUINED 140 ESTATES.

All Houses and Cattle Were Destroyed in Turbulent Districts — The Dead Left Unburied.

VEROVSSEH, South Russia, Sept. 10.—A correspondent of the Associated Press has just completed an investigation of the recent uprising of peasants in this province, which is situated in the heart of what is known as "the Black Belt," extending down to Volga, in petty acts of tyranny which provoked the ignorant land-mass peasants to savage wildness with which Mazankine ravaged and burned many estates is the role played by revolutionary agitators, and the ruthless fashion in which insurrection was finally suppressed, and guilty and innocent alike made to suffer. It presents a typical picture to the American reader of what is almost daily chronicled in cable dispatches as "Agrarian disorders." The uprising lasted twelve days, during which 112 estates were ravaged, manor houses, stables and outbuildings plundered and burned, horses and stock run off or maimed and left to die, and surplus hay, fodder and grain put to the torch.

In the single district of Bobrov, ninety-three properties were destroyed, the light of the flames illuminated the heavens for a distance of sixteen miles. Nobles and other landed proprietors generally fled in terror to the cities, only a few making any attempt to protect their property. Troops, mostly Cossacks and Dragons, were slow in appearance, but when they did appear in an appearance, they shot and flogged the peasantry into submission, and the village and city falls of the province are still filled with peasants "awaiting trial," although hundreds have already been deported to Siberia by "administrative order."

The immediate cause of the uprising was the refusal of Governor General Bibikoff to allow Mr. Grushoff, a member of the duma, to render an account of his stewardship to his peasant constituents. The duma was at that time still in session, and Mr. Grushoff, who was a member of the group of toll, had a mandate from his people to "secure land and liberty."

News of the meeting which was to have been held in the city of Voronezh was circulated throughout the province and peasants came to attend it from all directions, some traveling over hundreds of miles on foot to do so.

## APPOINTED SURGEON GENERAL.

WASHINGTON, Sept. 10.—Brigadier General Robert M. O'Reilly, who has been surgeon general of the army for the past four years, was today, by direction of the President, reappointed to that office, his first term having expired yesterday. As he will reach the age of retirement in 1909, he will have more than two years to serve under this last appointment.

## STRIKE BREAKERS ATTACKED BY MOB OF UNION MEN

Shots and Missiles Were Aimed at the Strike Breakers — Militia Had to Escort Them to Ferry — Twenty Armed Guards Arrested — Several Strike Breakers Wounded.

SAN FRANCISCO, Sept. 10.—A disturbance which at times assumed the proportions of a riot marked the departure of one hundred and fifty strike-breakers imported to break the strike of the United Railroad employees. This evening, surrounded by armed guards and as many members of the police department as could be rushed to the scene, the men were marched half way across the city pursued by a mob of strike sympathizers who hurled sticks and abuse at them. Becoming frightened, the guards and the strike-breakers lost their heads and began shooting. The affair ended at the ferry building, where twenty of the armed guards were arrested. Reports from the hospitals of the city indicate that half a dozen persons have been wounded, but none seriously. The mob was dispersed by the police after the strike-breakers had been hurried aboard a departing ferry boat. During the march to the ferry which occupied nearly two hours, the strike

breakers were several times threatened with an attack by the crowd that had for several hours surrounded the car barn, where they have been lodged. For the first few blocks there were but half a dozen policemen available for their protection, and the bands of men in pursuit at times threatened to engage them in a hand to hand conflict. Bricks and other missiles were thrown at frequent intervals, and the police were obliged to send for assistance.

Lieuts. E. Mulande and Wall, with thirty men, finally assumed charge of the march, and to their efforts is attributed the fact that the strike-breakers reached the ferries without further bloodshed. A several points detached sections of the mob hurried on and intercepted the strike-breakers, and it was in such emergencies that the armed guards used their revolvers. About fifty shots were fired in all, the guards using their weapons at Van Ness and Golden Gate avenues, at Franklin street and at Fourth and Market.

## PROCLAMATION IS CAUSE OF TROUBLE

Three Provinces Are Under Martial Law — Decree to Pardon 28 Rebels Revoked. Will Be Rearrested.

HAVANA, Sept. 16.—President Palma tonight issued a decree suspending all constitutional guarantees, with special reference to articles 15, 16, 17, 19, 22, 23, 24 and 27, in the provinces of Pinar Del Rio, Havana and Santa Clara. The law enforcing public order, which is equivalent to martial law, is also put into immediate effect in the three provinces named.

A supplemental decree has been issued suspending the decree of August 28 pardoning repentant rebels and ordering that all rebels be arrested and jailed. Both decrees have been communicated to all officers in the field. Coincident with the issuance of the decrees, which followed tonight's decision not to yield to peace demands, the government ordered the arrest practically of every prominent liberal. When the news of the issuance of these decrees reached the Veterans' Peace Commission, which was in session at the home of Gen. Gnocal, there was immediate and almost unanimous denunciation of President Palma and other members of the government.

Senator Sangulity, independent, who was present, and who usually is moderate in his utterances, made an impassioned speech, in which he declared there remained for Cubans but two roads to travel, one of honor and the other of disgrace. It appears probable that most of the members of the Veterans' Peace Commission will join the insurgents tomorrow.

The government does not intend that membership in congress shall shield anybody from arrest. No fighting is reported today, and it is not considered likely that Pinar Del Rio will be occupied by Guerra now that machine guns are proceeding in that direction.

## HIGGINS AND ROOSEVELT HOLD A CONFERENCE.

A private telegram received in the city last evening from Tucson said that H. B. Tenney had been selected chairman of the Republican Territorial Central Committee, and George Mauke secretary.

H. B. Tenney is the cashier of the Consolidated National Bank at Tucson, and is recognized throughout the territory as a man of great ability. He has never taken an active part in politics, but decided to accept the chairmanship when it was offered to him, in order to do his part in defeating the joint statehood measure. He is well known throughout Arizona, and will undoubtedly be a great acquisition to the Republican active forces.

G. A. Mauke is deputy clerk of the District Court in Maricopa county, and also of the capital city. He has a great deal of political experience, and was one of the most active members in the Republican convention which was held in this city a few days ago.

## DIAMONDS ARE FOUND IN WISCONSIN.

RED WING, Sept. 10.—Three diamonds taken from clay similar to the variety in which some famous jewels have been mined in Africa have been reported found on the old mill site at Plum Cr., a few miles from Maiden Rock, Wis. The vicinity is in a fever heat of excitement over the discovery. The property is owned by two men by the name of Fleming and Benson. Experts of the Minnesota university have pronounced the clay to be that of the diamond bearing variety of Africa.
